

Adobe Certified Associate (ACA) in Adobe After Effects

Aligned Program of Study: Digital Arts & Design

Description

The Adobe Certified Associate certification is recognized by the industry as a proficiency credential in Adobe digital skills. Application skills in Adobe products are required in several careers with digital design duties. The Adobe Certified Associate in Adobe After Effects exam covers industry-standard motion graphics and visual effects software. The Adobe After Effects certification will help students garner knowledge in cinematic creation and animation. It allows students to demonstrate hands-on digital skills through a series of application problem-solving scenarios. An Adobe Certified Associate in Adobe After Effects can be combined with other Adobe Certified Associate certifications to obtain a Specialist status.
