

# Home Builders Institute Pre-Apprenticeship Certificate Training (HBI-PACT)

## Aligned Program of Study:

- Mechanical, Electrical, & Plumbing Systems (MEP)
- Residential & Commercial Construction
- Structural Systems

## Description

Home Builders Institute (HBI) provides the highest level of training in the building trades and offers certification for the Pre-Apprenticeship Certificate Training (PACT). This certification allows the student to obtain employment in an entry-level or semi-skilled job in the building industry. Topics covered in the PACT curriculum include vocational and academic skills training to include life skills, career development, and on-the-job training.

This assessment measures technical skills at the occupational level and includes items that gauge factual and theoretical knowledge and is administered as part of a CTE program with an authorized NOCTI testing site. This assessment offers a written component and can be used at the secondary level and post-secondary levels. Students who complete training through an HBI PACT program are eligible to sit for the PACT Certification Assessments.

The following certifications offered for PACT are below:

- Core Certification Assessment
- Green Core Certification Assessment
- Specialty: Building Construction Technology Certification Assessment
- Specialty: Basic Carpentry Certification Assessment
- Specialty: Basic Electrical Certification Assessment
