

## Individualized Education Account (IEA) Program Participating Non-Public Schools

List updated: June 3, 2024

This list includes non-public schools that have been approved to participate in the IEA Program for the 2024–25 contract year following the guidelines in the 2024-25 IEA Account Holder Handbook and IEA Participating Non-Public School Handbook. Non-public school applications are accepted year-round. IEA funds can be used to pay for tuition or fees and required textbooks at non-public schools beginning on the date of approval as noted on the list through June 30, 2025. If there are errors to this list, please email IEA.Questions@tn.gov. This list does not constitute an endorsement by the department; it is the responsibility of account holders to thoroughly research schools and determine whether a school meets their child's educational needs.

For the purposes of the IEA Program, a participating non-public school is considered to have an inclusive educational setting if:

1. Students with disabilities are educated with non-disabled children, and
2. No more than 50 percent of the students in an individual classroom or setting are students with disabilities.
