

TCAP Mathematics

Grades 6-8 Assessment Overview

Mathematics Assessment Overview

This fact sheet provides information about the TCAP mathematics grades 6-8 assessments. The mathematics assessments will assess the Tennessee Academic Standards through measurement of student mastery and will require students to demonstrate a deep conceptual understanding of mathematics, number sense, fluency, problem-solving, and understanding of the grade-level horizontal coherence embedded within the standards.

The math assessments are administered in three subparts, the first of which is **without** a calculator.

All TCAP math assessments in grades 6-8 will be administered using online testing. For information on the other TCAP assessments in grades 6-8, click [here](#).

Test Administration Schedule

For a full schedule of all statewide assessments, see the Statewide Assessment Schedule on the department's [website](#).

Within the state testing window, testing schedules are established **by the district at the school and/or district level**. It is at the district's discretion to allow schools to set their own testing schedules, independent of a district testing schedule.

Test Administration Subpart Timing and Structure

The timing and details for each subpart of the TCAP math assessment in grades 6-8 is outlined in Table 1.

Table 1. Subpart Timing and Structure

The following timing details in Table 1 are applicable to all mathematics Grades 6-8 assessments. The testing structure below reflects the total of both the number of operational assessment items and the number of field test assessment items.

Assessment Blueprints

Assessment blueprints are designed to show educators a summary of what will be assessed on each assessment. This resource is designed to help educators as they plan for the upcoming school year. Assessment blueprints can be found [here](#).

Item Types

All items on TCAP math assessments are worth one point, and do not allow for partial credit.

The TCAP assessments for grades 6-8 are administered using **Selected Response** and **Technology Enhanced** item types. These item types are used in multiple ways to elicit responses that demonstrate understanding of the Tennessee Academic Standards for Math:

Selected Response items used for TCAP math assessments can include:

- Multiple Choice - These are items with four answer options and only one correct answer.
- Multiple Select - These are items with more than four answer options and multiple correct answers.

Technology Enhanced items utilize online assessment platform capabilities. A sampler containing the various types of Technology Enhanced items students may encounter can be found on SchoolNet and [here](#). Use the directions below for access:

- Select Tutorials (below the login prompt).
- Under TCAP Samplers, select Start.
