

Here are your instructions and logins to preview eScience3000®!

The Leader in Differentiated Instruction®

Hi!

Thank you for your interest in reviewing eScience3000, the customizable core middle school science curriculum designed to meet Tennessee's needs. eScience3000 is the only online science program differentiated at five Lexile® reading levels and designed to meet the unique needs of every learner in your classrooms while supporting mastery of the Tennessee Academic Standards for Science.

To get started go to: portal.achieve3000.com.

To login, choose a username and password from the options available below.

For the purposes of this review, four student "types" have been provided to allow you to experience the solution as different students in the 7th grade. Teachers and administrators have the capability to

view the program at different Lexile levels and with different student supports.

Profile	Login	Password
Student On Grade Level	tn.student.7.gradelevel	demo
Student Below Grade Level	tn.student.7.below	demo
Spanish Version	tn.student.7.spanish	demo
Spanish Support Version	tn.student.7.ps	demo
Teacher*	tn.teacher	demo
Admin	tn.schooladmin	demo

*Select "Grade 7" from the drop-down on the login screen.

If you have any questions about reviewing eScience3000, please respond to this email. We look forward to partnering with you to maximize your students' learning growth!

Best,

Your Achieve3000 Team

About Achieve3000®

Achieve3000 is the leader in online differentiated literacy instruction, serving over two million students worldwide.
