

PUBLIC MEETING NOTICE

Tinsley Sand & Gravel, LLC located at 303 Ake Street, Estill Springs, TN 37330-3402 has applied to the Tennessee Division of Air Pollution Control (TDAPC) for an Air Pollution Control construction permit. The applicant seeks to obtain an air contaminant permit (Division identification number: 58-0166 and 982337) for the construction of a Rock Crushing and Sizing Operation at the following address: 18546 South Pittsburgh Mountain Road, Sewanee, TN 37375. The permit request is for the construction of the following: the proposed operation would consist of crusher(s), screen(s), conveyor(s), and other associated equipment used to crush and size rock. Wet Suppression would be used for controlling emissions when this source is in operation. There would be physical construction. Regulated air contaminants would be emitted by this source.

Construction permits issued by TDAPC does not grant any authority to operate, construct, or maintain any installation in violation of any law, statute, code, ordinance, rule, or regulation of the State of Tennessee or any of its political subdivisions.

TDAPC will hold an informal public meeting to discuss the technical and regulatory air pollution-related issues concerning the permitting of the Rock Crushing and Sizing Operation. The informal public meeting will have a question-and-answer format and will be conducted in person and via Microsoft Teams online. Those without internet access may join by phone. Any questions consisting of a group you wish TDAPC to answers, if possible, please provide in advance. Information on how to join the public meeting and on submitting written comments/questions is provided below.
