

Who we are:

The Department of Environment and Conservation exists to enhance the quality of life for citizens of Tennessee and to be stewards of our natural environment.

We foster a work environment that's inclusive as well as diverse, where our people can be themselves. Every idea and perspective is valued so that our culture reflects the people we serve.

Our Department is committed to providing a cleaner, safer environment that goes hand-in-hand with economic prosperity and increased quality of life in Tennessee. We deliver on our mission through managing regulatory programs that maintain standards for air, water and soil quality while providing assistance to businesses and communities in areas ranging from recreation to waste management. We manage the state park system and programs to inventory, interpret and protect Tennessee's rich natural, historical, and archaeological heritage.

About the Tennessee State Parks

From its beginning in 1937, Tennessee State Parks were established to protect and preserve the unique natural, cultural, and historic resources of Tennessee. The public interest has also been served by a variety of benefits for citizens and communities produced by our state park system, promoting stronger communities and healthier citizens across the state through diverse resource-based recreation while conserving the natural environment for today and tomorrow – preserving authentic Tennessee places and spaces for future generations to enjoy. As stewards of the resources in our parks, we seek to manage Tennessee's state parks in order to preserve and protect valued resources and to provide a balance of services and benefits for the enjoyment of the people.

Facilities Surveyor
Facilities Management Regional Office
Rocky Top, TN
Annual Salary: \$31,644 – \$50,640

Tennessee State Parks has an outstanding opportunity to work in a regional capacity with our state parks. This position is a project manager responsible for all aspects of major maintenance for multiple parks including construction oversight, and project execution. The position handles major maintenance for multiple parks for contracted maintenance, staff and management.

Extensive knowledge of construction techniques, materials, and quality control is necessary. The preferred candidate will have a minimum of 5 years commercial construction experience and possess a building related trade license, i.e., electrical, plumbing, mechanical, or a general contractor. To apply for this position: <https://www.tn.gov/careers>.

Highlighted Responsibilities:

- Responsible for all aspects of project management including identifying need, developing scope, obtaining bids, construction quality control and assurance, and project closeout.
- Estimate cost of repairs and materials observing repair costs guidelines to complete projects.
- Prepare detailed project specifications.
- Develop relationships and technical assistance to park managers and staffs.
- Assist park maintenance staffs with technical training.
- Guide maintenance staff to ensure all machinery, vehicles and equipment are maintained and kept in good condition.

Pursuant to the State of Tennessee's Workplace Discrimination and Harassment policy, the State is firmly committed to the principle of fair and equal employment opportunities for its citizens and strives to protect the rights and opportunities of all people to seek, obtain, and hold employment without being subjected to illegal discrimination and harassment in the workplace. It is the State's policy to provide an environment free of discrimination and harassment of an individual because of that person's race, color, national origin, age (40 and over), sex, pregnancy, religion, creed, disability, veteran's status or any other category protected by state and/or federal civil rights laws.
