

HAZARDOUS WASTE MANAGEMENT CORRECTIVE ACTION PERMIT REISSUED TO BRISTOL METALS LLC

The Tennessee Department of Environment and Conservation's (TDEC) Division of Solid Waste Management (DSWM) has made a final decision to reissue a hazardous waste management corrective action permit to Bristol Metals LLC (Bristol). Bristol (EPA ID TND003374790) is located in Sullivan County at 390 Bristol Metals Road Bristol, Tennessee. This action follows a 45-day public comment period, which ended on August 23, 2023. No comments were received during the 45-day public comment period.

The permit (TNHW-190, formerly TNHW-149) allows Bristol to continue to perform corrective action for solid waste management units and areas of concern at the site. It includes provisions for providing site security, performing groundwater monitoring, groundwater remediation, and maintaining institutional controls, such as restrictions on digging and use of groundwater. The permit includes requirements to investigate any other release of hazardous waste or hazardous constituents discovered at the site, regardless of the time at which waste was placed in a unit, and to take appropriate corrective action for any such release. At this time, there are no additional units that require further action.

The permit is issued under the authority of the Tennessee Hazardous Waste Management Act of 1977, as amended, Tennessee Code Annotated, Section 68-212-101 et seq., and Rule Chapter 0400-12-01, Hazardous Waste Management. The permit is effective as of September 15, 2023, and shall remain in effect until September 15, 2033, unless continued, revoked and reissued, or terminated under applicable regulations.

Electronic copies of the permit, including the [Response to Comments](#), are available to review online at tn.gov/environment/notices/bristol-metals and at the DSWM Central Office, TN Tower, 312 Rosa L. Parks Avenue, 14th Floor, Nashville, TN 37243 (615-532-0780). Copies are also available for review at the AVOCA Branch Library, 1550 Volunteer Parkway, Bristol, Tennessee 37620 and the TDEC Johnson City Environmental Field Office, 2305 Silverdale Drive, Johnson City, Tennessee 37601 (423-854-5400).
