To determine the level of coverage and monthly cost for Child Basic AD&D coverage, first find the row with your (the employee) level of basic AD&D coverage. Then, locate the columns with the number of children you intend to enroll. For example, an employee (who has \$72K of basic AD&D coverage and wants to cover five children) would enroll their five children in total coverage of \$36K (\$7,200 per child) at a monthly cost of \$0.47.
