Event Description

This solicitation is to bid for a sixty (60) month contract to provide a water treatment program for the Tennessee School for the Deaf's (Knoxville campus) hydronic systems that includes monthly testing and servicing, when needed.

The water treatment program is intended to promote system efficiency through the minimization of piping and equipment corrosion, scale formation, the accumulation of alluvial deposits, system wide microbial fouling and microbial induced corrosion. The sole purpose and scope of minimizing these factors is to aid in preservation of asset value, minimization of energy and water consumption, reduction of maintenance costs and to achieve optimal heat transfer.

Please refer to the solicitation documents for information regarding questions and comments due date.

Specifications and terms & conditions are attached.
