### Top Third

Measure	Value
Excessive Drinking	10.50%
Air Pollution - Particulate Matter	13.22
Access to Exercise Opportunities	72.74%
Primary Care Physicians	1774:1
Mammography Screening	62.00%

### Middle Third

Measure	Value
Diabetic Monitoring	87.43%
Social Associations	11.56
Driving Alone to Work	84.70%
Sexually Transmitted Infections	281.13
High School Graduation	90.00%
Long Commute - Driving Alone	38.80%
Uninsured	17.06%
Adult Obesity	33.70%
Dentists	4422:1

### Bottom Third

Measure	Value
Income Inequality	5.52
Children in Poverty	40.40%
Premature Death	13695.60
Poor Physical Health Days	5.50
Teen Births	63.88
Violent Crime	669.87
Poor Mental Health Days	5.10
Adult Smoking	26.50%
Children in Single-Parent Households	44.26%
Poor or Fair Health	27.00%

### Tennessee's Big 3 + 1

Why were these charts selected? The "Big 3 + 1" directly influences at least six of the top ten leading causes of death in Tennessee, and also directly influence other public health threats, such as heart disease, cancer, and diabetes. Overall, the Big Three plus One influences two-thirds of the factors that contribute to Tennessee's overall rank.

### Comparative Counties:

Each graph provides the Tennessee county with its respective region and three non-Tennessee comparative counties from around the US based on county-level demographics. The vertical lines represent: the TN Average, the US Average, Top US Performers (top 10%) and the Healthy People 2020 (HP) Goal. For all measures a decrease (shift left) in percentage represents improvement.

YOA: Years of Age. MHI: Median Household Income. HP 2020: Healthy People 2020 Goal. Adult Smoking: Percentage of adults who are current smokers. Source: Behavioral Risk Factor Surveillance System; 2006-2012. Adult Obesity: Percentage of adults that report a BMI of 30 or more. Source: CDC Diabetes Interactive Atlas; 2011. Physical Inactivity: Percentage of adults aged 20 and over reporting no leisure-time physical activity. Source: CDC Diabetes Interactive Atlas; 2011. Prepared by the Division of Administrative Services, Tennessee Department of Health. Nashville, TN. admin.health@tn.gov or 615-741-5001.

Prepared by the Division of Administrative Services, Tennessee Department of Health, Nashville, TN. May 2016. admin.health@tn.gov or 615-741-9398. The full report can be accessed at: <http://tn.gov/health/topic/specialreports>. All data is from the University of Wisconsin Population Health Institute and Robert Wood Johnson Foundation's, 2015 County Health Rankings and Roadmaps report. Difference statements represent the absolute value using the following formula: ["Value" - "10th Ranked Value"]. \*The action statements are based on the assumption that no new additional cases occur. \*\*Data should not be compared with prior years due to changes in definition/methods. All rankings and action statements presented in this report must be interpreted with caution due to various limitations of each measurement. Further information with regards to the strengths and limitations of each measurement may be found by clicking the hyperlink found in the description of each measurement.
