## **CORRESPONDENCE**

The Board discussed inquiries from multiple dentists concerning the new policy change as part of the August 12<sup>th</sup> 2019 rule change concerning specific sections of the WREB be passed to meet the minimum application requirements. A policy statement was created to accept the exam results from any of the clinical examinations for applicants who passed the exam taken prior to the rule change in August 2019. All dentists testing after the August rule change will be required to complete all required sections of the clinical exam to meet the exam requirements of the new rule. Dr. Travis made a motion to accept the policy statement, and Dr. Kemp seconded the motion. The motion carried.

*BeamReaders, Inc.*- After discussion among the board members and Ms. Putnam, it was determined that the request for Oral and Maxillofacial Radiologists (OMRs) who are licensed in other states to consult with dentists who are licensed in Tennessee did not meet the exemption stated in T.C.A. § 63-5-109 (4) regarding teledentistry, which BeamReaders Inc. had requested clarification on in their letter. T.C.A. § 63-5-109 (4) is to be used in specific instances where dentists or hygienists are physically called into Tennessee and not to be used as a blanket approval of all instances involving interstate imaging consultation.

## **REPORTS**

*Executive Director's*- From January 2019 through September 30, 2019, there have been a combined total of 1, 729 dental professional applications received in the board office. The total number of active dental professional licenses as of September 30, 2019 is 19,488. More than half of all Tennessee dental professionals are renewing their licenses online.

*Office of Investigations*- Since January 1 2019, there have been 162 complaints opened on dentists, 9 opened for dental hygienists, and 35 opened for registered dental assistants. There have been 158 complaints on dentists closed, 6 closed on dental hygienists, and 42 closed on registered dental assistants.

*Office of General Counsel*- The General Assembly will reconvene on January 14, 2020. The Anesthesia Committee met on September 23<sup>rd</sup> to discuss possible updates of the anesthesia rules to become current with new trends. On March 12, 2019, dental anesthesiology became the 10<sup>th</sup> dental specialty to be recognized by the National Committee on Recognition of Dental Specialties and Certifying Boards. A taskforce was created with current board members and anesthesia committee members to adopt the definition of dental anesthesiology as a specialty. The taskforce to determine the educational and training requirements necessary for dental hygienist to exercise prescriptive authority as authorized by Public Chapter 319 meet in September to discuss proposed rule changes. The next meeting of the taskforce will be in November.

*Tennessee Dental Wellness Foundation*- Dr. Sain gave an update on the Wellness Foundation, and said the move of their office from the TDA building to an office in Murfreesboro has been working out very well and they have been very busy. Dr. Sain has been trying to incorporate the subject of burnout for dental professionals into his lectures, to help prevent addiction due to burnout in the dental field. There have been no relapses since the report given at the last board meeting.

Update from Schools of Dentistry- Both the dean from the University Of Tennessee School Of Dentistry and Meharry School of Dentistry addressed the board to request a change to the rule for Limited Educational Licenses for Dentists. The change that was requested was concerning the need for applicants to have a license for at least 1 year in another state to qualify for an educational licensure. This requirement for licensure has prevented both dental schools in the state from being able to hire qualified candidates for teaching positions because they did not have a dental license in another state for a full year. A motion was made by Dr. Kemp change the rules as to allow dentists to qualify for a Limited Educational License as long as they have an active dentist license in another state, with no time requirement for how long they have held the license. Dr. Travis seconded the motion, and the motion carried.

Meharry School of Dentistry has started their first Expanded Functions Dental Assisting course, and the current class will finish in November. There will be a spring class offered, which is currently open for registration.

## **DENTAL FACILITY INSPECTOR REQUESTS**

After discussion, the board decided that to qualify as a dental facility inspector, the individual must, at a minimum, be a Tennessee licensed health professional in good standing, must have experience with the equipment and drug used in sedation/anesthesia, and they must have never been disciplined. All dental facility inspectors must sign a conflict of interest form once they have been approved, and before they can begin inspecting. Dr. Travis made a motion to allow the board consultant to approve dental facility inspector who meet the above requirements before the approvals are ratified at the next scheduled board meeting. Dr. Kemp seconded the motion, and the motion carried.

The following Dental Facility Inspector requests were reviewed by the board:
