
Business Management & Administration Standards

The Background:

Rules, Regulations, and Minimum Standards of the State Board of Education 0520-01-03-.05(1) calls for the State Board of Education to adopt curriculum standards for each subject area, grades K-12. The approved standards are to be the basis for planning instructional programs in each local school system.

The Division of Career and Technical Education (CTE) is submitting revisions for the Business Management & Administration career cluster to update curriculum standards in the *Personal Finance* course. These new standards reflect higher expectations for students, as aligned to the Common Core State Standards for English Language Arts & Literacy in Technical Subjects, as well as reflect changes in the financial industry including recognition of the increasing sophistication of identity theft.

Courses included in this item:

Personal Finance	Revised course
