INSTRUCTIONAL BULLETIN NO. 09-10

Regarding Handicap Ramps on Resurfacing Projects

The following section is added to Section 1, Chapter 2 of the Design Guidelines. This guidance applies to all resurfacing and maintenance projects.

1-200.12 HANDICAP RAMPS ON RESURFACING PROJECTS

In order to assist local governments with compliance with the Americans with Disabilities Act, it will now be the department's intent to repair or install handicap ramps which meet the Americans with Disabilities Act Accessibility Guidelines whenever possible when encountered on resurfacing projects.

Designers should refer to Section 3-310.05 and the RP-H-series standard drawings for additional guidance regarding design and placement of handicap ramps.
